

**SECTION V - HEALTH AND SAFETY DATA**

**Health Hazards (Acute and Chronic):**

**Ingestions:** Ingestion may cause transient gastrointestinal irritation.  
**Eye Contact:** May cause mild, transient irritation.  
**Skin:** Transient irritation with prolonged exposure to concentrated material.

**Signs and Symptoms of Exposure:**

**Ingestion:** May result in nausea, vomiting, and/or diarrhea.  
**Eye Contact:** May cause stinging, tearing, itching, swelling, and/or redness.  
**Skin:** Prolonged contact with concentrated material may be drying or transiently irritating to skin.

**Emergency and First Aid Procedures:**

**Ingestion:** Drink 1 or 2 glasses of water.  
**Eye Contact:** Flush with water for 10 to 15 minutes.  
**Skin:** If prolonged contact occurs, rinse thoroughly with water. If spilled on clothing, change clothes. If symptoms persist or recur, seek medical attention.

**Other:**

Consumer product package has no caution statement.

**SECTION VI - PRECAUTIONS FOR SAFE HANDLING AND USE**

**Precautions To Be Taken in Handling and Storing:** No unusual precautions necessary.

**Other Precautions:** None known

**Steps To Be Taken in Case Material is Released or Spilled:** Prevent spills from reaching a waterway. Sorbents may be used. RCRA hazardous under the classification "Ignitable". Read "Waste Disposal Method" below for further instructions.

**Waste Disposal Method:** Disposal is to be performed in compliance with all regulations. RCRA "Ignitable" waste. RCRA provides an exemption for household waste. Solutions of Dawn, diluted in the course of use, may be allowed to be flushed down sewer. First check with your local water treatment plant.

Recycling is recommended for undiluted scrap product.

Hazardous waste incineration is necessary if disposal is ultimately needed. Do not landfill.

**SECTION VII - SPECIAL PROTECTION INFORMATION**

**Respiratory Protection (Specify Type):** None required with normal use.

<b>Ventilation</b>	<i>Local Exhaust:</i> None required with normal use.	<i>Special:</i> None
	<i>Mechanical (General):</i> Normal/general dilution ventilation is acceptable.	<i>Other:</i> None

**Eye Protection:** None required with normal use.

**Industrial Setting:** If a splash is likely, chemical goggles may be needed.

**Protective Gloves:** None required with normal use. Protective gloves (rubber, neoprene) should be used for prolonged direct contact.

**Other Protective Equipment:** None required with normal use.

\*NA. - Not Applicable

\*NK. - Not Known

The submission of this MSDS may be required by law, but this is not an assertion that the substance is hazardous when used in accordance with proper safety practices and normal handling procedures. Data supplied is for use only in connection with occupational safety and health.
